STEP-BY-STEP: HOW TO VERIFY YOUR DOMAIN

1. Go to this link:

👉 https://www.godaddy.com/whois

2. Type your website name

Examples:
• *drsmithdental.com*
• *smileortho.com*

Then click **Search**.

3. Look for "Registrant Name"

This section should show:

✓ **Your name**, or
✓ **The legal name of your practice**

If you see:

✗ a marketing agency
✗ a freelancer
✗ another company

➡ **Your domain is NOT under your control.**
